Chocolate Clay

Our Chocolate Clay is a luxurious blend of raw cocoa and dark rhassoul clay. This clay has the appearance and aroma of chocolate. Rich in minerals and trace elements, it offers numerous applications in cosmetics and skincare. Our Chocolate Clay is a unique blend. It is the perfect harmony of brown rhassoul clay and cocoa powder, creating a unique and decadent skincare experience, blending earthiness with cocoa for a moment of pure indulgence. Chocolate clay will allow you to create wonderful bath products, soaps, body products, skincare, and hair care. Fancy a chocolate clay body scrub for Valentine's Day? It promises to be completely decadent!

Exfoliates and Detoxifies - Thanks to its strong ion exchange, our chocolate clay helps remove impurities from the skin's surface. Its slightly abrasive texture helps remove dead skin cells when mixed with water or oil to form a granular paste. Your skin will be left feeling soft and silky. Adding chocolate clay to your products will add absorption, texture, and volume. It will help your skin stay hydrated and fresh, protect it from external aggressors, and fight aging by providing nutrients. Not only does chocolate look decadent in our clay blend, but it also offers numerous skin benefits. Chocolate clay helps cleanse and exfoliate dead skin cells and impurities from the skin's surface. Discover the richness of our chocolate clay for pampered and rejuvenated skin.

Chocolat Clay is ideal for making:

- soap
- bath bombs
- body products
- creams and lotions
- and much more...
- face masks
- scrub
- face and skin care
- hair care

Utilizations

Bath Bombs:

Clay per 454g of bath bomb mix:

0.5g Chocolate Clay

Soaps:

Melt and pour soap: Clay mix per 454g of soap base:

1.5g Chocolate Clay

15ml isopropyl alcohol 99%

Cold and hot saponified soap: Clay mix per 454g of soap base:

3g of Chocolate Clay

30ml distilled water

As a mask:

Put Chocolate Clay in a non-metallic dish, pour lukewarm water, stir until you get a creamy consistency, apply to your skin and leave on for 5-20 minutes, rinse and pat dry.

As a hair mask:

Combine 1 cup of Chocolate Clay with ½ cup of liquid (water, aloe vera juice, etc..) and a moisturizing oil such as coconut oil. Mix everything together to create a paste and apply it to your damp hair from root to top. Leave it on for 20-40 minutes and rinse well with clean warm water.

Recommendations

The dosage suggested above is for information only; more or less can be used according to your recipes.

We suggest you always carry out final tests with your products.

The clay must be mixed with water before being added to the soap, both in cold and hot processes.

This extra water in your soap will help blend the clay into the soap and also prevent the clay from cracking.

More or less clay can be added to your soap bases to achieve the desired color.

Chocolate clay is a blend of cocoa and rhassoul clay.

This clay is a dark brown powder and will give your soaps a beautiful shade of brown, depending on the color of your oils. Can be used at a rate of 5 – 100% in skin care products

This product is not intended to prevent, diagnose, treat, or cure any disease.

For external use only. Our clays are intended for cosmetic purposes.

Under no circumstances do we recommend that they be considered food or for medicinal or medical applications.

Store this product in a dry place away from direct sunlight.

Store it in an airtight container.

Never use a wet or damp spoon or any other utensil to handle or remove the powder from its container.

Avoid metal instruments and dishes to prevent any reaction with the clay. Keep the clay away from moisture.

Avoid this product if you are allergic to cocoa.
